This ram is a son of our 2011 National Champion White Dorper Ram. He is structurally correct, well balanced, and easy fleshing. Last Fall, we used him in a rocky, two-section pasture on a set of ewes and he proved to be a good breeder, and stayed in great shape. As far as muscle goes, see for yourself and get in the pen with R6. Take a look at his top, especially the shape of his rack.
